## GENERAL SERVICES ADMINISTRATION

[Notice-MA-2019-09; Docket No. 2019-0002; Sequence No. 26]

### Federal Management Regulation (FMR); Sleeping in Federal Buildings

**AGENCY:** Office of Government-wide Policy (OGP), General Services Administration (GSA).

**ACTION:** Notice.

**SUMMARY:** This bulletin reaffirms that sleeping in buildings under the jurisdiction, custody or control of GSA, including those buildings delegated to other Federal agencies by the Administrator of General Services, is prohibited, except when expressly authorized by an agency official. Sleeping may be authorized if the person is directed by a supervisor to remain in the building to conduct official government business and it is necessary for the person to sleep on the premises or, in the case of an emergency where there is imminent danger to human life or property, where persons are directed to shelter-in-place.

**DATES:** *Applicable:* November 5, 2019.

Chris Coneeney, Director, Real Property Policy Division, Office of Government-wide Policy, GSA at 202-501-2956, or email [realpropertypolicy@gsa.gov](mailto:realpropertypolicy@gsa.gov). Please cite FMR Bulletin B-49.

**SUPPLEMENTARY INFORMATION:** The Federal Management Regulation (FMR) does not specifically identify unauthorized sleeping as a type of prohibited conduct in subpart C of 41 CFR part 102-74. Instead, agency officials have relied on provisions in the FMR that address hazards, disturbances and failure to comply with the lawful direction of Federal police officers and other authorized individuals to prohibit the practice of unofficially sleeping in Federal buildings. Since GSA has received questions regarding the permissibility of sleeping in Federal buildings, and the FMR does not specifically address this conduct, GSA is issuing this bulletin to reaffirm the fact that all persons are prohibited from sleeping in Federal buildings, except when such activity is expressly authorized by an agency official. The Facility Manager will post this bulletin in a conspicuous place in the building so that all persons in the building have constructive or actual notice of the policy.

### Agency for Healthcare Research and Quality

#### Patient Safety Organizations: Voluntary Relinquishment for Symbria SAFE

**AGENCY:** Agency for Healthcare Research and Quality (AHRQ), Department of Health and Human Services (HHS).

**ACTION:** Notice of delisting.

**SUMMARY:** The Patient Safety and Quality Improvement Final Rule (Patient Safety Rule) authorizes AHRQ, on behalf of the Secretary of HHS, to list as a patient safety organization (PSO) an entity that attests that it meets the statutory and regulatory requirements for listing. A PSO can be "delisted" by the Secretary if it is found to no longer meet the requirements of the Patient Safety and Quality Improvement Act of 2005 (Patient Safety Act) and Patient Safety Rule, when a PSO chooses to voluntarily relinquish its status as a PSO for any reason, or when a PSO's listing expires. AHRQ accepted a notification of proposed voluntary relinquishment from Symbria SAFE, PSO number P0146, of its status as a PSO, and has delisted the PSO accordingly.

**DATES:** The delisting was effective at 12:00 Midnight ET (2400) on October 31, 2019.

**ADDRESSES:** The directories for both listed and delisted PSOs are ongoing and reviewed weekly by AHRQ. Both directories can be accessed electronically at the following HHS website: <http://www.pso.ahrq.gov/listed>.

**BACKGROUND:****a. General Background Facts**

The Federal Management Regulation (FMR) does not specifically identify unauthorized sleeping as a type of prohibited conduct in subpart C of 41 C.F.R. part 102-74. Since the General Services Administration (GSA) has received questions regarding the permissibility of sleeping in Federal buildings, and the FMR does not specifically address this conduct, GSA is issuing this bulletin to clarify that sleeping in Federal buildings is considered a form of prohibited conduct, except when such activity is expressly authorized by an agency official.

Federal Management Regulation  
GSA Bulletin FMR B-49

TO: Heads of Federal Agencies

SUBJECT: Sleeping in Federal Buildings

1. What is the purpose of this bulletin? This bulletin reaffirms that sleeping in buildings under the jurisdiction, custody or control of the U.S. General Services Administration (GSA), including those buildings delegated to other Federal agencies by the Administrator of General Services (Administrator), is prohibited, except when expressly authorized by an agency official.

2. What is the policy on sleeping in buildings under the jurisdiction, custody or control of GSA? All persons in buildings under the jurisdiction, custody or control of GSA, including those buildings delegated to other Federal agencies by the Administrator, are prohibited from sleeping in the buildings, except when sleeping is expressly authorized by an agency official. Sleeping may be authorized if the person is directed by a supervisor to remain in the building to conduct official government business and it is necessary for the person to sleep on the premises or, in the case of an emergency where there is imminent danger to human life or property, where persons are directed to shelter-in-place.

3. How is the policy to be enforced? The rules and regulations in subpart C of 41 C.F.R. part 102-74 of the Federal Management Regulation (FMR) governing conduct in or on Federal property apply to all persons entering in or on such property. Each occupant agency and the Federal Protective Service (FPS) are responsible for the observance and enforcement of these rules and regulations. If a person is found noncompliant, FPS is authorized to take appropriate action, including issuing a warning to the person, removing the person from the premises, detaining and citing the person under the FMR, or arresting the person. If the person is a federal employee, the individual also may be subject to disciplinary action brought by the individual's employing agency. The Facility Manager will post this bulletin in a conspicuous place in the building so that all persons in the building have constructive or actual notice of the policy.

4. When does this bulletin expire? This bulletin will remain in effect until canceled.
5. What is the background of this bulletin? The FMR does not specifically identify unauthorized sleeping as a type of prohibited conduct in subpart C of 41 C.F.R. part 102-74. Instead, agency officials have relied on provisions in the FMR such as (a) 41 C.F.R. § 102-74.380, which, among other things, prohibits persons on Federal property from creating any hazard to persons or things, (b) 41 C.F.R. § 102-74.385, which requires persons in and on Federal property to comply with the lawful direction of Federal police officers and other authorized individuals, and (c) 41 C.F.R. § 102-74.390, which prohibits conduct that creates a disturbance, to address the practice of unofficially sleeping in Federal buildings. Since GSA has received questions regarding the permissibility of sleeping in buildings under the jurisdiction, custody or control of GSA, including those buildings delegated to other Federal agencies by the Administrator, and the FMR does not specifically address this conduct, GSA is issuing this bulletin to reaffirm the fact that all persons are prohibited from sleeping in Federal buildings, except when such activity is expressly authorized by an agency official.
6. Whom should I call for further information? For further information, contact Chris Coneeney, Director, Real Property Policy Division, GSA 202-501-2956, or e-mail [realpropertypolicy@gsa.gov](mailto:realpropertypolicy@gsa.gov). Please cite FMR Bulletin B-49.
